Mr. Parker,

In response to your phone message on 5/26/15, COGCC approves of the requested extension to complete corrective actions described in Field Inspection Report #667500346 due to weather delays at the subject site. The new completion deadline is June 30, 2015.

In regard to sale of the oil being stored in the production tank at the Pace battery, a decision is forthcoming. Thank you,

John E. Axelson, P.G.  
East Environmental Supervisor
