Good Morning Teri,

I am just checking the status of the Form 10, doc #400756382. I don't understand why this hasn't been approved? What else do you need?

Thanks.

Good Morning Teri,

I am just checking on the Form 10 showing the change of operator from Bayswater to Synergy. Is there anything else you need to approve this?

Thanks.

Good Morning Teri!

I have attached the form 10 doc #400756382, which shows the ratification page/signatures.

Please add the pit to the Stoncham document.

I hope that takes care of everything, let me know if there is anything else you need!

Subject: change of operators

Good morning Brianne-

I am working my pile of Form 10 "problems" and I am wondering if you have had an opportunity to get the data I am still needing:

Change of operator 400756382 - the ratification document is not legible. If you can forward a copy to my email I can get it associated and approved.

Change of operator from Stoneham Production to Synergy - a pit populated with the API 123-15385. I will need approval to add the pit to the transfer, or delete the well while Synergy and Stoneham determine the appropriate path to proceed.

Please let me know if you have any question on these issues.

Regards,
