Mr. Kubeczko,

BP concurs with the Site Specific COAs to the Form 2A stated related to the Taichert well site.

Respectfully,

*Patti Campbell*

**Patty,**

I have attached the current IN PROCESS Form 2A#400810656 with the COAs and a notation to the BMPs needed for buffer zone locations (highlighted in yellow) I have placed on the permit, these are same as other BP locations in La Plata County. If they are OK then I will have permitting send to Final.

**Dave**

Hi Dave,

BP has received the approved La Plata County permits for the Taichert wells and would like to start construction for the site as soon as possible.

Please let me know if you need any additional information for the above wells.

Thank you so much ,
