Presented for your review.

You all may recall this issue from a few weeks back.

This is the reclamation site that the operator dug a pond for the surface owner.

Attached is a DWR-Dam safety approval to construct a dam.

How do we proceed?

Thank You,

Stuart

Stuart,

We have received approval from the Division of Water Resources, please see attached. Would you let me know what my next step should be in order to get the variance approved by the State?

Thanks,

Lane,

See attached letter and signed notice of intent that was sent to Ken Snyder via USPS today.

Please let me know if you have any questions.

Thanks,

Erin
