Company hereby agrees to release, discharge, indemnify and hold Owner harmless from and against any and all third party claims, losses, liability, damages, and causes of action for personal injury or property damage arising out of Company's Operations, unless, and to the extent that, Owner's negligence causes or contributes to such third party claims. This indemnification extends to any action by a government agency with jurisdiction over the Operations under an environmental law or regulation.

5. Owner has requested that all consultation be conducted directly with Owner. Accordingly, Owner shall have the responsibility of notifying any affected tenant, lessee or other party who may own or have an interest in any crops or surface improvements which could be affected by the Operations. Owner agrees that all damages claimed by a surface tenant, lessee or other such party resulting from the Operations shall be settled by Owner, and Owner hereby agrees to release, discharge, indemnify and hold Company harmless from and against any such claims.

6. (b) Owner agrees not to object to the Form 2A, so long as it is consistent with this Agreement, and hereby waives any right granted by COGCC rule to comment on the Form 2A, to request an extension of the comment period, to request an onsite inspection pursuant to COGCC policy, or to appeal the approval and issuance of the Form 2A, and any related Form 2 ("Application for Permit to Drill").

(c) Owner shall not oppose Company in any COGCC or other governmental proceedings related to Company's Operations, including, but not limited to, permitting, formation of drilling units, well spacing, pooling, drilling, completion, stimulation, re-stimulation, workovers, deepening and recompleting, provided that Company's position in such proceedings is consistent with this Agreement.

10. Owner expressly acknowledges and agrees that this Agreement shall be deemed to be specifically applicable to, and to fully satisfy, the obligation of Company to reasonably accommodate Owner's use of the surface of the Property, existing or future, and waives any statutory or common law claim to the contrary.

11. Owner agrees to include a note on any annexation, subdivision plat, planned unit development or other land use designation for which Owner may apply to put successors or assigns on notice that the Property is subject to this Agreement. Owner agrees that Company may also record this Agreement or Memorandum of this Agreement, redacted as to any compensation amount. In all other respects, however, the Parties shall hold the provisions of the Agreement in confidence.

12. This Agreement shall permit the installation, operation and dismantling of MLVTs within the OGOA. Such installation, operation and dismantling shall comply with any applicable requirements as set forth by the COGCC. It is hereby agreed to and understood by the Parties that Company's utilization of MLVTs within the OGOA shall be at the discretion of Company. If Company desires to utilize the MLVTs following completion operations of said Wells described in this Agreement, the parties agree to enter into a separate mutually agreeable surface agreement for such expanded use, which agreement shall not be unreasonably withheld.
