**RE: COGCC Rule 306.e.: Meetings with Building Unit Owners within a Buffer Zone Setback
COGCC Rule 306.e.(5): Operator Certification
Johnson Trust 13-I Pad: NWSW Section 13, Township 2 North, Range 68 West
Weld County, Colorado**

Dear Mr. Lepore,

Extraction Oil & Gas, LLC (Extraction) has filed the Form 2A Oil and Gas Location Assessment (OGLA) for the proposed oil and gas pad referenced above.

Pursuant to COGCC Rule 305.c., Extraction certifies that the required notifications to all Building Unit Owners within the Buffer Zone Setback were sent and was available for meeting and/or consultation. Extraction received one (1) request for consultation from Mr. John Damsma. Mr. Damsma wanted to know the timing of operation and plans to build a berm afterwards to hide the tanks. Mr. Damsma's concerns were addressed and no further consultation was needed. This letter serves as Operator Certification that Extraction has complied with COGCC Rule 306.e.

Extraction respectfully requests the COGCC approve the Form 2A for the Johnson Trust 13-I Pad. Many thanks for your consideration of this matter.

Respectfully,

Renee Gibson
Regulatory Technician
Agent for Extraction Oil & Gas, LLC
