Re: Proposed New Drill
Township 4 North, Range 67 West
Section 9: SE/4

Dear Ann,

Kerr-McGee Oil & Gas Onshore LP ("KMG") has plans to drill three (3) wells in the SE/4 of the above described legal description. Currently the Weld County record lists you as the current owner. I have made an attempt to contact you via telephone but have been unsuccessful. I am sending you this letter to notify you that we plan to proceed with these operations and would like to discuss the location of future wells and equipment as it pertains to the proposed operations. Please give me a call at your earliest convenience so that we may discuss the future proposed operations. I can be reached at 720-929-6291 or on my cell phone at 970-590-4751.

Thank you for your cooperation. I look forward to hearing from you.

Very truly yours,

KERR-McGEE OIL & GAS ONSHORE LP

Subject: Johnstown Farms well applications

I spoke with Kerr McGee and looked on the Weld County website and the property upon which these wells will be located is on City of Johnstown property, not the Leahy property. Therefore, the existing onsite inspection request does not apply to these wells.
