**Subject:** State Request: Note to be put on Form 5 for Aggie State AA17-645

Good morning,

H&P 343 lost MWD pulses for surveys 675' from TD of the well on the Aggie State AA17-645. Speaking to the Diana Burn at the state, she gave permission to continue drilling and would like this information captured on the Form 5 (Completions Report) Document.

The following are the facts about the Aggie State AA17-645 that should be captured on the Form 5:

- The last survey was taken at 10,743'
- Our projection off of our last survey @ 11,705' MD is that we're 243.6' South of the already drilled Aggie State AA17-643

Thank you and please let me know if your team needs any additional information,

**Ryan Cook**
