OPERATOR COMMENTS AND SUBMITTAL

Comments EOG has one existing location on this pad and is currently planning two additional wells. The facilities plats shows five wells. EOG had the pad designed for five wells. The two Codell wells on this pad will be drilled and evaluated prior to permitting the other two wells shown on the facility diagram. If the other two wells are drilled, EOG will provide a revised Oil and Gas Location Assessment Form 2A along with the trajectories of all wells on the pad. Until this time, EOG is considering this a three well pad. Please contact Kim Rodell at krodell@upstreampm.com or at 303-942-0506 if there are any questions on this permit. Thank you.
