David,

I would like to summarize our phone conversations from yesterday and this morning regarding the Cache Unit remediation projects.

Spill #1:

Submit a supplemental Form 27 describing actions performed to date, analytical results, and a summary. On the Form 27 request "no further action based upon..." under the "Is Further Site Investigation Required" section.

Spills #2-4:

Submit a supplemental Form 27 detailing actions performed to date, analytical results and summaries, and a description of proposed actions regarding remediation of each individual site.

As discussed, please submit these documents no later than September 18, 2015.

Please feel free to contact me with any questions.

Thanks,

Jim Hughes
