**Subject:** State Reportable Release

All,

We had a State reportable release due to impacts to a public byway. Oil-based drilling mud released from a drain on the rig substructure during a rig move. The mud was released on the lease road exiting the location and onto county road 19 approximately 1/10 of a mile south of county road 34. ~1.5 gallons of mud was released. The mud was recovered from the lease road and the paved road. The rig was leaving the location noted below.

Iceman State 12N-16HZ  
05-123-41342  
SWNW 15-3N-67W

Please note this is also the notification to Weld County as the public byway owner. Anadarko is the owner of the location parcel.

Thanks,

Mike Dinkel, REM, CSEM
