PHONE: 1(719)846-3311
NUMBER of PAGES (inc. cover): 1

MESSAGE:

Dear Editor:

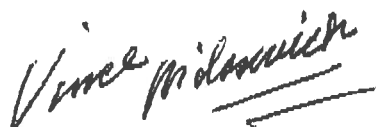

This relates to the anxious concerns explicitly stated in THE CHRONICLE-NEWS article published March 13, 2008 and captioned: "COGCC rules could leave area families and community reliving devastation of coal mining bust".

QUESTION

Why weren't the contingencies anticipated and provided for before the FIRST drilling rig left the yard and headed for exploring and exploiting the RATON BASIN????

Vince Milosevich, Aggrieved Landowner/C-N 1930's route carrier,
(always look out for the dog.)
