Dear Director:

PDC Energy ("PDC") hereby certifies to the Director that PDC has received signed Property Line Waivers from the surface owners of the offset properties to the subject well locations. PDC hereby requests the Director to grant an exception to the following Colorado Oil and Gas Conservation Commission (COGCC) rule:

**Rule 603.a.(2). Statewide location requirement**

*A well shall be drilled a minimum of one hundred fifty (150) feet from a surface property line. An exception may be granted by the Director if it is not feasible for the operator to meet this minimum distance requirement and a waiver is obtained from the offset surface owner. An exception request letter stating the reasons for the exception shall be submitted to the Director and accompanied by a signed waiver(s) from the offset owner(s). Such waiver shall be written and filed in the County Clerk and Records office with the Director.*

All possible locations for the placement of the subject wells were considered and the proposed location is the only viable option. Due to the size of the property parcels in this location, the proposed orientation is the only orientation that allows enough area for operations while maintaining maximum possible setback distances from the production facility.

If you should have any questions or concerns regarding this permit, please contact the undersigned at (303) 831-3974.

Sincerely,

A handwritten signature in black ink that reads "Kelsi Welch".
