RE: Sundry Notice - Wildlife Waiver  
EE3, LLC  
**Hebron 01-18HR**  
**API No. 05-057-06536**  
**Location ID: 414127**  
Sec. 18 T7N R80W  
Jackson County, Colorado  
Surface: Fee  
Mineral Lease: Fee

Dear Mr. Lepore:

EE3, LLC (EE3) is submitting this Sundry Notice (SN) Form 4 to the Colorado Oil and Gas Conservation Commission (COGCC) requesting relief from the wildlife timing stipulations from March 1 to June 30 for the wellsite development operations attached to the Oil and Gas Location Assessment (OGLA).

The Hebron 01-18HR well will be drilled on an existing wellpad upon which there are already two other producing wells. The wellpad is located near two homes, another active wellpad and State Highway 14. The high volume of traffic on State Highway 14 creates considerable disruption. The Hebron 01-18HR wellpad is bounded by roads and surrounded by hay meadows in every direction. The nearest sage grouse lek is over 2 miles away.

Due to the distance of the proposed Hebron 01-18HR well from significant sage grouse habitat and the well's proximity to homes and noisy State Highway 14, we believe that drilling and completion operations would not adversely affect sage grouse during the timing stipulation period.

Please send a copy of all correspondence to Upstream Petroleum Management, Inc. at 7000 S. Yosemite St. Suite 290B, Englewood, CO 80112. Please contact Kim Rodell at 303-942-0506 or at krodell@upstreampm.com if you have any questions.

Your early attention to this Sundry Notice is greatly appreciated. Thank you for your assistance.

Sincerely,

Kimberly J. Rodell  
Permit Agent for EE3, LLC
