1980' FNL & 1980' FWL  
Lincoln County, Colorado

Dear Mr. Lepore, Director

Unit Petroleum Company is planning to drill the above mentioned well in Lincoln County, Colorado.

Under Rule 609.c.(1), the director may grant an exception to the statewide groundwater baseline sampling and monitoring requirements if no available water sources are located within one-half (1/2) mile of a proposed Oil and Gas Well.

Dewpoint West LLC has investigated the above mentioned location and has determined that at this time there are no permitted water wells or groundwater resources located within a one half mile radius of the proposed James 1-2 surface hole location.

Unit Petroleum Company respectfully requests that the COGCC review the information and approve the requested exception and Groundwater Sundry for the above mentioned well.

Respectfully,

Dewpoint West LLC,

A handwritten signature in black ink that reads "Kaulin C. Waldner".

Kaulin C. Waldner  
Agent for Unit Petroleum Company
