Comment:

The Open Hole Log was run on Waag 19 (05-123-40351-01) and is attached to its form 5.

Please note that the surface casing on this well was drilled by a spudder rig prior re-permitting this well to a monobore design. The sundry was submitted and approved using our monobore template which has the surface casing set at 1500'. We apologize for this discrepancy.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
