Jacob,

Based on the information provided by Noble Energy, Inc. to date, COGCC approves Noble's request to remove monitoring wells MW7 through MW14 and MW16 through MW18 from the quarterly monitoring program.

Monitoring wells MW1 through MW6, MW15R, MW19 and MW20 will continue to be monitored quarterly for BTEX.

Thank you,  
Rick

Can you respond via email if this is okay? Trying to set up sampling for the 4<sup>th</sup> quarter soon.

Thanks
