COMPLETED INTERVAL REPORT

The completed interval Report, Form 5A, shall be submitted within thirty (30) days of completing a formation (successful or not), when a formation is temporarily abandoned or permanently abandoned, for a recompletion, reperforation or restimulation, or when a formation is commingled. Fill out a section for each formation. Attach as many pages as required to fully describe the work. List in order of completion.

Comment:

This location was shut in due to offset mitigation of a Baywater frac (Arellano 10 pad). The well was pressure tested and a RBP set. The RBP will be drilled out and the well will be returned to production as soon as the offset wells are finished fracing.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
