RE: Closure Request, Facility ID: 444442; Great Western Beneficial Re-Use Site, Pods C & D, Weld County Airport, MEC # 2015.125d

Great Western has discontinued application of drilling fluids/muds at their Weld County Airport, Pods C & D, beneficial re-use land application site. No application events has taken place in more than 1 ½ years.

The final site monitoring results, documented in the 2015 monitoring reports demonstrate that the results are within the COGCC regulatory requirements.

Attached please find the four site monitoring reports since 2013:

- 1) GW April 2015 Site Monitoring Reuse Area Weld County Airport Pod C-D;
- 2) GW July 2015 Site Monitoring Reuse Area Weld County Airport Pod C-D;
- 3) GW Dec 2013, March 2014 Site Monitoring Reuse Area Weld County Airport Pod C-D;
- 4) Great Western Memo June 2013 Site Monitoring Reuse Area Weld County Airport Pod C-D;

Based on the above documentation, Great Western is requesting a No Further Action Closure status for the site.

On behalf of Great Western, MEC Inc. appreciates your review of the documentation and if you have any further questions, please contact me, 970-381-5951.

Thank you
