INJECTION CONTROL PERMIT

Doc # 2618408

PROOF OF PUBLICATION
THE RIFLE
CITIZEN TELEGRAM

STATE OF COLORADO,
COUNTY OF GARFIELD

I, Michael Bennett, do solemnly swear that I am Publisher of *The Rifle Citizen Telegram*, that the same weekly newspaper printed, in whole or in part and published in the County of Garfield, State of Colorado, and has a general circulation therein; that said newspaper has been published continuously and uninterruptedly in said County of Garfield for a period of more than fifty-two consecutive weeks next prior to the first publication of the annexed legal notice or advertisement; that said newspaper has been admitted to the United States mails as a periodical under the provisions of the Act of March 3, 1879, or any amendments thereof, and that said newspaper is a weekly newspaper duly qualified for publishing legal notices and advertisements within the meaning of the laws of the State of Colorado.

That the annexed legal notice or advertisement was published in the regular and entire issue of every number of said weekly newspaper for the period of 1 consecutive insertions; and that the first publication of said notice was in the issue of said newspaper dated 3/5/2015 and that the last publication of said notice was dated 3/5/2015 the issue of said newspaper.

In witness whereof, I have here unto set my hand this 03/09/2015.

Michael Bennett, Publisher

Publisher Subscribed and sworn to before me, a notary public in and for the County of Garfield, State of Colorado this 03/09/2015.

Pamela J. Schultz, Notary Public
My Commission expires:
November 1, 2015

My Commission Expires 11/01/2015

The purpose of this notice is to solicit public comment on the Watson Ranch B 24AWI-17-07-95 disposal well, a Class II injection permit submitted by Ursa Operating Company LLC. The Watson Ranch B 24AWI-17-07-95 disposal well will be drilled at a location 1047 feet from south line and 1978 feet from west line of Section 17, Township 7 South, Range 95 West, 6th P.M., Garfield County, Colorado.

BACKGROUND

Class II injection wells are permitted and regulated in such a manner as to prevent the contamination of underground sources of drinking water and to ensure fluid emplacement and confinement within the permitted injection zones. Class II injection wells are permitted to inject waste generated from oil and gas exploratory and production operations. Ursa Operating Company LLC has proposed to inject these fluids into the Cozzette and Corcoran Members of the Iles Formation in the Watson Ranch B 24AWI-17-07-95 well through an cased hole completion at depths of approximately 6,722 to 7,420 feet.

Public comments are encouraged and will be accepted, in writing at the Commission for a period of thirty (30) days after publication of this notice. If any data, information, or arguments submitted during the public comment period appear to raise substantial questions concerning proposed injection well permit, the Director may request that the Commission hold a hearing on the matter.

Additional information on the operation of the proposed injection well may be obtained at the Commission office.
