Subject: Spill Notification - Como 13C-14HZ

Good Afternoon,

We had State Reportable Release at the location listed below. An operator discovered oil had surfaced above a flow line associated with the Como 13C-14HZ well. More than 1 barrel of oil was released outside of containment. Remediation activities are currently in progress. Additional details pertaining to this release will be provided in a forthcoming Form 19 Initial Release Report. Please do not hesitate to contact me should you have questions. Thank you,

Como 13C-14HZ
