Dear Director:

PDC Energy, Inc. ("PDC") is requesting an exception the following COGCC Rules:

**Rule 318A.a. GWA, GWA wells, GWA windows and unit designations**

COGCC Rule 318A.a designates five "drilling windows" per quarter section of land in the Greater Wattenburg Area (GWA) – 400'x400' boxes in the center of each quarter/quarter section, and an 800'x800' box in the center of the quarter section.

**Rule 318A.c. Surface locations**

COGCC Rule 318A.c. also states that certain well locations must be "twinned" (located within fifty (50) feet of an existing well.

The location(s) are planned outside of a GWA window and are not within 50' of an existing well. This location is a good location in order to drill horizontal wells with sufficient lateral length in the producible zone and build sufficient production facilities on location.

We respectfully request that you approve this waiver to reduce the impact on the surface owner and surface operations. Attached is the Exception Location Waiver signed by the surface owner, Bernard C. Maynes on behalf of High Pointe, LLC.

If you have any questions, please contact the undersigned at (303) 860-5800.

Sincerely,

A handwritten signature in cursive script that reads "Kelsi Welch".
