Melissa,

Noble does concur with this COA. Thanks Melissa for your help.

Hi Jan

I spoke with Greg and he is wanting to keep the COA as is and not remove the first sentence. The COA now reads as follows:

Approval of this Form 2A does not permit construction within a jurisdictional wetland. If, in the event, construction extends into jurisdictional wetlands, the Operator shall be responsible for obtaining all required federal and local permits for work within a jurisdictional wetland.

Thanks

Melissa
