**RE: Request for Exception to Rule 317.p Requirement to Run Open-Hole Logs**  
Latham U41-1-12XRLNC, Section 36-T5N-R63W, 6th PM, Weld County, CO

Director Lepore:

Bonanza Creek Energy Operating Company LLC ("Bonanza") intends to drill and produce the above referenced horizontal oil and gas well(s), to be located as described above. Bonanza respectfully requests the Director to approve an exception to Rule 317.p for the referenced proposed well, as suitable gamma ray and resistivity logs exist in the records from prior wells drilled on the surface-hole location of the proposed new well.

The logs from the following prior-drilled well are proposed to provide adequate log coverage to characterize the geology of the area:

Well Name/Number	API Number	Distance from proposed well(s)	Azimuth (Degrees)	COGCC Well File Document Number
State North Platte T-P-36HNB	05-123-39009	42 ft	5	401012466

The Drilling Completion Report – Form 5 submitted will indicate that no open-hole logs were run and shall clearly identify (by API #, well name & number) the well in which open-hole logs were run. Bonanza respectfully requests that the COGCC review the enclosed information and approve an exception to Rule 317.p with respect to the proposed new well.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Julie Vigil', is written over the name Julie L. Vigil.

Julie L. Vigil  
Sr. Regulatory Specialist
