

MONTHLY REPORT OF OPERATIONS (FORM 7)  
EXCLUSION REQUEST

Rule 309 of the "Colorado Rules and Regulations, Rules of Practice and Procedure and Oil and Gas Conservation Act" states: "Each producer or operator of an oil and gas well shall file with the Commission, within forty-five (45) days after the month in which production occurs, a report on Operator's Monthly Production Report, Form 7, containing all information required by said form."

Pursuant to this rule, the COGCC is required to obtain these reports from all operators for all months in which well(s) are in active operation. In order to exclude a report the COGCC requires verification that all possible options have been pursued and the reports are not available from any source, nor can the data be recreated.

By submitting this form you are requesting the COGCC exclude the following missing Monthly Report of Operations (Form 7) for the listed wells:

Operator: 69175 – PDC Energy

Reason for excluded reports: Becker 5-7 – API 05-123-13764 – Well was acquired by Merit Energy on 06/30/2012, we do not have these reports for the Sussex from Jul. 1999-Sept. 2003 as requested.
