Subject: Waive 20-day comment period for Mesa C23-697

Garfield County waives the 20-day comment period for Caerus' Mesa C23-697 location (Form 2A) and all associated Form 2s.

Have already reviewed and provided LGD approval and comments for each Form 2 and the Form 2A for that location.

Understand the operator has need to begin operations on that location ahead of schedule. Garfield County has no problem with that plan.
