concerning the BP gas well
Frohm Federal Unit #1,
S 10, T 34, R 6 W in La Plata
County, Co.

a complaint was filed in
early summer concerning the
failure of the storm water
beam for this well pad. The
OGCC requested BP to have
the pad repaired by July 12, 2016.
BP notified the OGCC on
July 18 that the repair was
completed according to the County
designee, Brent Kemp. The OGCC
representative had declared
previously that someone

from the agency would meet
with the impacted landowners
that there would be a meeting
at the well site, the work and
its compliance would be discussed
we request that this be
arranged as soon as possible.

Sincerely

M. Theresa Fitzgerald
