Hi Rick,

Sorry about that, you are right. The correct Lat/Lon is 40.470180, -104.45130. I've noted your other suggestion for the future as well, thank you. Hopefully this clears it up, let me know.

Thanks,

Jason Thron, CSP, OHST

Hi Jason,

Can you check your Lat/Lon of 40.470180 - -104.470180 reported on the initial Form 19 for the Cook 43, 44-20; 20D release? I wonder if the Longitude might be a typo. The Lat/Lon reported on the release plots in the NWSW Sec 20 as shown by the red X in the image below. Also if there is no facility in COGIS for the release location, such as at a remote tank battery, then check No Existing Facility ID in the future.

Please let me know about the Lat/Long and I will hold this Form 19 until I hear back.

Rick
