Great Western is hereby granted a non-exclusive right-of-way and easement, during the term of the Surface Use Agreement, to drill any future wells on the Property, including horizontal and directional wells that produce from and drain all or portions of the Property or any adjacent properties, provided that such locations must be permitted locations under the then-applicable well spacing regulations of the Colorado Oil and Gas Conservation Commission ("COGCC") or exceptions granted thereto by the Director of the COGCC. Great Western and Surface Owner intend that the grant of easement in this instrument and the Surface Use Agreement creates a valid, present interest in the Property in favor of Great Western. The covenants and rights contained in, and granted by, this instrument and the Surface Use Agreement are made for the direct benefit of the Property and shall run with and against the Property and inure to the benefit of and bind Surface Owner and Great Western and their respective agents, assigns, employees, heirs, lessees, mortgagees, permittees, successors, and transferees, and all entities or persons claiming by, through, or under them.
