Surface damages in the amount of \$ [REDACTED] for the wash down and completing. This will give Schneider Energy/DeClar Oil & Gas, Inc. access to the well site for drilling and re-claim work of the Montague #5 well in the SENESE of Sec 12, T9N-R54W Logan County, Colorado. The size of the Wash down site is 200' x 200'. A road will come in from the access that will make the least impact for your ground. The battery will be in the same wash down site. The re-claim of the well site will be done from the tank battery or well rd. The well site will have a shot gun fence put up and if a well isn't found Re-claim of the location will be performed with re-planting the grass on the location and road.

Thank You
