Note:
There is one water well permitted within ¼ mile of the EWS 4 and 4A wells. The permit number is 0297713 and the receipt number is 3669999. The permit was issued to the Kauffman Brothers and Julius Pluss, the surface owners. Colorado Division of Water Resources data do not have a pump installation date or a well construction report. As such, it is doubtful that this well has been constructed.
