**Comments:**

Please reference to COGCC inspection Document #68010889. Wexpro Company is currently working with Kris Neidel, of COGCC, to provide documentation of proper pit closure on the Jacks Draw 15 location. Final reclamation has not yet taken place, due to the fact that the pit on location is not technically closed per COGCC requirements. Possible core sampling may need to take place in Spring/Summer 2017, and in an effort to not redisturb reclaimed lands, Wexpro Company would like to commence final reclamation upon COGCC approval of pit closure. It is predicted that final reclamation will take place in the Fall of 2017. A Form 42 will be submitted upon finishing final reclamation of the well pad.
