**General Comment:**

The separators/ meter run equipment for both the Wilson #29-1 and Wilson #29-4 are located in the same fenced area adjacent to Hwy 550 south. The Wilson 29-4 wellhead is located in a below grade cellar in the agricultural area E of surface equipment along base of ridge line. Inspection contains corrective action and comment. See Signs/Marker, Good Housekeeping, and Tanks and Berms Sections of report for additional details. See link at end of report for path to downloadable pictures. Landowner incident - See inspectors comments section.

Inspector was detained by landowner. There are three facilities locations on this landowners property with each well located in a below grade cellar and production facilities are located jointly on the south side of property. DO NOT ENTER through subdivision access roads. Access to wells and production facilities for the Wilson 29-1 and 29-4 are from the first left turn past CR 302.	stjohnw	12/01/2016
