**General Comment:**

The separators/ meter run equipment for both the Wilson #29-1 and Wilson #29-4 are located in the same fenced area adjacent to Hwy 550 south. The Wilson 29-1 wellhead is located in a below grade cellar in the agricultural area NE of surface equipment. Landowner incident see inspector comments for additional information.

**COGCC Comments**

Comment	User	Date
Inspector was detained by landowner. There are three facilities locations on this landowners property with each well located in a below grade cellar and production facilities are located jointly on the south side of property. DO NOT ENTER through subdivision access roads. Access to wells and production facilities for the Wilson 29-1 and 29-4 are from the first left turn past CR 302.	stjohnw	12/01/2016
