**General Comment:**

Follow-up inspection FIR. Citations referenced in Doc# 680301811 related to removal of unused equipment (pump jack) and effected soils @ pump jack have been resolved. All other compliance directives from COGCC Environmental Group remain in effect until released by COGCC Environmental Group. This FIR is addressing only the surface equipment removal and soil removal and remediation cited with CA date of 03/31/2017. Baney State 16-3 & Baney State 16-5 including related facility have returned to service/production. Compliance with COGCC Environmental Group directives are not identified within this FIR pending review by COGCC Environmental Group.

**COGCC Comments**

Comment	User	Date
FIR performed to confirm compliance for removal of unused equipment and saturated soils @ wellhead. Removal/remediation of pump jack and effected soils @ wellhead, has been performed. All remaining compliance issues from Doc# 680301811 remain unresolved until released by COGCC Environmental Group. (2) remaining wells related to this facility have been returned to service/production.	schureky	04/10/2017
