General Comment:

This is a final reclamation and stormwater inspection. Sundry Document #401075161 stated that Final Reclamation is complete and ready for inspection. Document #2237236 describes plugging operations on 5/12/2012. Any corrective actions from previous inspections that have not been addressed are still applicable.

TOTAL % OF DESIRABLE VEGETATION COVER _____

VEGETATIVE COVER _____

Comment: Location ID 419345 with API 123-32215 appears to meet final reclamation regulations and standards. Unable to find evidence of oil and gas activities and/or disturbances. Vegetative growth appears reflective of reference areas. The main access road remains and it appears the main access road was present prior to oil and gas development. The main access road continues south and west of the oil and gas location.
