**General Comment:**

Date of Inspection: 05-24-16  
 Type of Inspection: Construction, Containment, Stormwater  
 Location Name: Mutual 01-17H Pad;  
 Location ID #: 324757  
 Observed site preparation for and construction of well pad and large centralized tank battery site on 05-24-16;  
 Construction stormwater BMPs for well pad (perimeter berm, diversion trenches, silt fences, straw wattles, rock check dams, and other spill stormwater control equipment) and access road (borrow ditch with large rock check dams for sediment control) are in-place and these stormwater controls indicate no offsite migration of fluids or sediment.
