Comment: **This location does not meet reclamation regulations; Utility poles have not been removed. Gravel remains at location, insufficient vegetative cover, access road has not been reclaimed.**

Corrective Action:

Date **06/30/2017**

Remove utility poles, remove gravel and any remaining debris on the location, reclaim (re-contour, re-grade) access road and establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of pre-disturbance or reference area levels. Use a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until Final Reclamation has passed. Revegetation activities shall be complete no later than 6/30/2017.

Comment	User	Date
<p>Comment taken from inspection doc. #673713315 dated 6/13/2016:</p> <p>"Complaint #200439709 Landowner would like the raised access road to the well to be made level with the field. Operator was working on this and was almost complete when the weather changed and the grader was needed elsewhere. Operator said that he would complete the job on the access road and seed the location. Three electric poles also need to be removed from the PA location if the location will no longer be used."</p> <p>Access road has not been reclaimed.</p>	trujilloam	05/19/2017
