Re: Administrative Order by Consent 1V-435  
Final Resolution

Mr. Reynolds,

Based on review of the March 17, 2017, letter regarding completion of corrective actions required by Order 1V-435, the Colorado Oil & Gas Conservation Commission (COGCC) concurs that all corrective actions were completed and the requirements of the Order have been satisfied. As a result, the \$50,000 suspended penalty is permanently vacated and this matter is closed.

The related Notice of Alleged Violation (Document #200382925) was previously closed on November 22, 2013, after Commission approval of the Order. COGCC appreciates Beren Corporation's cooperation to fully resolve the compliance issues addressed by the Order.

Sincerely,

Matthew J. Lepore  
Director

Cc. Greg Deranleau - COGCC Environmental Manager  
John Axelson - COGCC Environmental Supervisor  
Jeremy Ferrin - COGCC Enforcement Officer  
Carter Peace - Tasman Geosciences
