Detailed description of the issue or issues.	, Strong oil odor started at 9:00pm tonight. COGCC field agent called me earlier today around 3:00pm and said he was in the neighborhood and asked if I was experiencing the smell. I hadn't smelled the oil all day. Please ensure the drillers are not timing this in some way to avoid COGCC detection. I don't know the relationship you have with Crestone but every time you come out, they seem to stop drilling.
