Detailed description of the issue or issues.	, Strong kerosene odor inside my home and even stronger on my patio. We had company tonight and couldn't even enjoy the outdoors. This is clearly a nuisance, not to mention I am coughing from the fumes and my chest is hurting. This is a health hazard. Why don't you have your staff stay out here 24/7, get a sleeping bag and sleep here and enjoy this like the rest of us. I have sent several complaints, and you people don't care about anything but the money. You don't care about residents, I'm disgusted at the way O&G treats tax paying citizens of this state. Perhaps it's time to engage with further legal council.
