I arrived in Florence at 2:30 pm. I met with Lloyd Harwood and I told him, his newly acquired gas well was in violation of Rule 302.a., 302.b., 312.i., 706 and 708. I told him he needed to put up a bond on the well and get registered as a owner/operator with the COGCC. He agreed that they would not cremate any more bodies, until they had completed all the paper work and put up financial security for the well. I did leak checks with soapy water on 1 inch line and fittings from well to funeral parlor. The 3 inch line from well to crematorium is 8 ft off the ground. I will return with ladder. Off site at 5:30 pm.	duranj	06/15/2017
