Dcp-Midstream  
Ladder Creek Helium Plant  
Cheyenne Wells, Co. 80810

:

Attached is a list of 19 locations which still have dcp risers on them. In order for Citation to obtain a final bond release from the Oil and Gas Commission, these risers need to be removed. The Commission has informed me they do not have jurisdiction over the pipeline and therefore can not pressure you to remove them.

By copy of this letter, I am requesting you remove these risers by September 30, 2009.

Thank you for your consideration in this matter.
