Re: Status of Water Well
Permit # 230752
T6S-R54W, Sec. 2: SENE.

To whom it may concern:

The above referenced water well was drilled in 2001 to approximately 106'.

This well was/ wasn't cased and was/ wasn't perforated.

There was/ wasn't a pump installed in this well.

There is/ isn't a pump in this well now.

This well was never used since the time it was drilled.
