Inspection Photos
Location Name: High Plains
Location ID: 305317

Photo 1. Photo taken from the western location, facing South. Appears to be a sediment trap but no stabilized outfall protection has been installed. Embankment berms do not appear to be properly compacted. Ditch and berm BMP installed around the perimeter of the location.

Photo 2. Photo taken from the southwest location, facing East. Topsoil stockpile temporarily stabilized with equipment tracking.
