Comment: Inspection doc. #682502377 required operator to remove meter shed and related equipment from the former battery location and to implement stabilization controls as the location remains bare and exposed soil. Meter shed/Equipment remains at the battery, no stabilization controls have been installed. Original CA and CA dates remains in place.

Corrective Action:

Date **08/03/2017**

Comply with the reclamation rules to remove (regardless of ownership) all equipment within three months of plugging (5/14/2014) the associated facility. All work should have been conducted by 8/14/2014. Remove equipment from battery per 1004.a and implement stabilization controls at battery by 8/3/2017.

Overall Final Reclamation

Fail
