Date: 8/22/2017 Time 1540 Hrs

Well Number#: Location #: 434526

Inspection Document #: 674200207

Nature of complaint: Odor

Field Inspector Actions:

On 8/22/2017, while driving in the area of Vista Ridge with CDPHE personnel Allie Bamber, we were contacted by a complainant in the area indicating she could smell a strong petroleum smell at her residence at 1909 Alpine Dr. in Vista Ridge. We drove to her residence where we were both able to smell a chemical odor which we believed was coming directly from the drilling rig. The odor detected appeared to be travelling with the wind which was approx. 0 to 4 mph out of the NW. The drilling rig is located approx. 240 yards to the NW of the complainants residence. Allie Bamber attempted to pull air samples at the time we detected the odors, those samples were sent into CDPHE for further analysis.

After smelling the odors we went to the Pratt location where we verified the odors detected off location were the odors coming from the drilling rig.

We advised Crestone we had detected the odors off location and we advised them to increase odor BMP's to control the odors from leaving location. Peter Santos Crestone representative advised his staff to increase odor mitigation fluid to control odors.

All information reviewed and site inspection information were submitted to the COGCC for further review.

We advised Crestone we had detected the odors off location and we advised them to increase odor BMP's to control the odors from leaving location. Peter Santos Crestone representative advised his staff to increase odor mitigation fluid to control odors.

Inspection was input at later date while waiting for CDPHE information.

All information reviewed and site inspection information were submitted to the COGCC for further review.

Corrective Action:	Odor observed by COGCC staff related to referenced oil and gas location, actions must be taken to stop the odor per Rule 805.b. Additionally, this matter has been referred to the CDPHE for possible further investigation. Corrective action were addressed by Crestone on 8-22-2017	Date:	08/23/2017
