#### COMMENTS:

SandRidge respectfully requests the ability to lengthen the lateral from the originally approved form 2 by using spacing order 531-45 which allows treated intervals to be no closer than 100' from the section lines; therefore, SandRidge would like to be able to drill and complete the lateral for this well up to 100' from the section lines instead of 300' like originally approved in form 2 Doc #: 401102050
