Inspection Photos

Location Name: WELLINGTON MUDDY UNIT #25-1

API: 05-069-05284

Photo 1. Photo taken from the northern well location, facing South. Gravel pile has been removed but gravel remains at the well location, and appears location was mowed, including noxious weeds. Appears the well marker and pipe riser have been removed.

Photo 2. Photo taken from the approximate center of the location, facing West. Refer to Photo 1 for description of observations.
