**General Comment:**

On September 29, 2017 COGCC Staff (Alex Fischer) conducted field inspections of Noble Energy Inc Centralized Land Treatment E&P Facility ID:2874 84. Noble Energy representatives Jacob Evans was present during the site visit. The purpose of the inspection is that Noble energy Inc- Operator #10516, is in the process of closing out this Facility as they have not used it as a CE&P since acquiring the assets. Temp was app 46 degrees F and weather was foggy.

According to Jacob Evans (Noble) the current use of the Location is for temporarily staging soil and roadbase for the construction of lease roads and pads. At the time of the inspection, up to 8 semi trucks were on location hauling material off of the Location.

Six monitoring wells are located around the perimeter of the Facility.  
 Stock piles of what appeared to be fill dirt and road base were present at the Facility.  
 A storm water detention pond was observed along the western edge of the Facility.

**Environmental****Spill/Remediation:**

Comment: According to Jacob Evans (Noble) the current use of the Location is for temporarily staging soil and roadbase for the construction of lease roads and pads.

Corrective Action: Per Rule 908.g.(2) submit an eForm 27 at a minimum including the following:  
 Brief history of the Facility and Operation,  
 compilation of data supporting the closure (ie. history of confirmation samples of Treatment Cells #1 through #5, disposition of the remediated soil stockpiles),  
 compilation of data supporting the plugging and abandonment of the 6 monitoring wells,  
 sampling of fluids from the storm water detention pond for Table 910-1 constituents,  
 soil sampling of the material near the area where surface water runoff (north side) may enter the stormwater detention pond,  
 sampling of material beneath the line of the storm water detention pond, and  
 compilation of data supporting compliance with the Weld County "Approved Site Specific Development Plan" and the Use by Special Review Permit Number 1517 (SRP-1517) and applicable Weld County Code.

Date: \_\_\_\_\_

Document Number 690900004 be referenced on the eForm 27.

Per Rule submit an eForm 4 providing a 502.b. variance request for interim and final reclamation. This should include data supporting compliance with the Weld County "Approved Site Specific Development Plan" and the Use by Special Review Permit Number 1517 (SRP-1517) and applicable Weld County Code for the current and future use of the Location.

Regarding additional reclamation requirements, contact:  
 Binschus, Chris - Area (144) Reclamation Inspector
